

Diversity

Cleveland State is dedicated to applying the practices of diversity and inclusion as tools for institutional excellence. Our accomplishments in this area have been affirmed in several ways:

CSU is one of the most racially and ethnically diverse student bodies among Ohio universities: 36% of students are African-American, American Indian, Asian, Hispanic, Pacific Islander, multiracial or residents of countries outside the USA.

CSU has received the High Education Excellence in Diversity ([HEED](#)) award from *Insight into Diversity* magazine for three consecutive years.

CSU was designated a Hall of Fame institution by the Greater Cleveland Partnership's [Commission on Economic Inclusion](#) for best-in-class achievement for Senior Diversity Management.
