ACADEMIC REGULATIONS AND PROCEDURES

3.0 ACADEMIC REGULATIONS AND PROCEDURES

3.1 Academic Regulations

Academic regulations are discussed in both the Cleveland State University Undergraduate Bulletin and the Cleveland State University Graduate Bulletin. (Please refer to appropriate pages.)

3.1.1 Grade Dispute

Once a grade has been submitted to the Registrar's Office, a faculty member may change it only because of an error in computation and only with permission of the dean. If an instructor and a student disagree on a grade issued the student may request a meeting with the faculty member and his or her superior whether it be chairperson or dean. If the matter is not resolved the issue then follows collegiate procedures and may come before a review committee. Finally, a recommendation is made to the University Admissions and Standards Committee of the Faculty Senate by the college. The burden is on the student to prove that a computational error has been made or that non-uniform standards have been applied.

3.1.2 Policy on Academic Misconduct

Revised: April 1, 2000

Academic honesty is essential to maintain the integrity of the University as an institution and to foster an environment conducive to the pursuit of knowledge. The Cleveland State University Academic Community values honesty and integrity and holds its members to high standards of ethical conduct. Academic dishonesty is, therefore, unacceptable, and students must be prepared to accept the appropriate sanctions for any dishonest academic behavior as outlined in this policy on academic misconduct. Academic misconduct refers to any fraudulent actions or behaviors that affect the evaluation of a student's academic performance or record of academic progress. It includes:

Cheating -- Fraudulent acquisition and/or submission of another's intellectual property. This includes but is not limited to the unauthorized giving or receiving of a copy of examination questions, the use of unauthorized or fabricated sources in carrying out assignments, and copying the examination answers of others.

Plagiarism -- Stealing and/or using the ideas or writings of another in a paper or report and claiming them as your own. This includes but is not limited to the use, by paraphrase or direct quotation, of the work of another person without full and clear acknowledgment.

Tampering – Altering through forgery, fabrication, deletion, and/or misrepresentation one's own or another's academic record. This includes but is not limited to the tampering

- If the Review Committee confirms the recommended suspension or expulsion from the university, this recommendation is forwarded to the President of the University who may decide to support the recommendation or impose an alternate sanction.
2. If, after discussing the infraction with the student suspected of academic misconduct, a faculty member or academic administrator concludes that misconduct did occur, that individual will choose an appropriate sanction and inform the student in writing of the decision, the basis for the decision, and the penalty imposed.
 - a. If the misconduct is course-related, a copy of this letter shall be sent to the chairperson of the department in which the course is offered. If the infraction is not course related, the letter shall be sent to the chairperson of the student's major department.
 - b. For major infractions, the chairperson of the department will confirm in a mailed correspondence to the student the infraction and sanction. A copy of this letter shall also be sent to the College Dean and to the University Registrar. The Registrar will make an entry on the student's permanent record that the student has been disciplined for academic misconduct. This notation shall remain on the permanent record for a period of three years from the date of entry or until the student's graduation, whichever comes earlier. Thereafter, the entry is to be removed from the student's permanent record, from any existing copies thereof, and from all student files in which the notation may have been placed, provided that the student has not been found guilty of a second instance of academic misconduct.
 3. If, after meeting with the faculty member, the student feels that she or he is innocent of the charge or is being unreasonably penalized, the first redress is to the chairperson of the department in which the course is offered (for course-related misconduct) or to the chairperson of the student's major department (for misconduct that is not course related). The faculty member will coordinate a meeting between him/herself, the student, and the chairperson. The matter may be resolved at this level through informal discussion, with both faculty member and student presenting their cases.
 - a. If the chairperson concurs with the student by determining that no violation has occurred, and the faculty member is in agreement, the notation placed in the permanent record shall be removed and destroyed.
 - b. If the chairperson concurs with the faculty member by determining that an infraction has occurred, and the student is in agreement, the chairperson may impose the recommended sanction. S/he will inform the student in a mailed correspondence of this decision. For a course-related infraction, a copy of the letter is also sent to the instructor of the course. In the case of a major infraction, a copy of the letter is also sent to the College Dean and to the University Registrar, who will make an entry on the student's permanent record as described above (3.1.2.A(2)(b)).
 4. If, after meeting with the chairperson, the student feels that she or he is innocent of the charge or is being unreasonably penalized, or the faculty member is not in agreement with

the chairperson's decision, the issue shall be submitted in writing by the chairperson to the dean of the college in which the course is offered. If the charge of academic misconduct does not involve a course, the issue shall be submitted in writing to the dean of the college in which the student is admitted. The dean will hear both the instructor and the student. The matter may be resolved at this level through informal discussion with both faculty member and student presenting their cases.

- a. If the dean concurs with the student by determining that no violation has occurred, and the faculty member is in agreement, the notation placed in the file shall be removed and destroyed.
 - b. If the dean concurs with the faculty member by determining that an infraction has occurred, and the student is in agreement, the dean may impose the recommended sanction. S/he will inform the student in a mailed correspondence of this decision. A copy of the letter is also sent to the instructor of the course and the department chairperson. In the case of a major infraction, a copy of the letter is also sent to the University Registrar, who will make an entry on the student's permanent record as described above (3.1.2.A(2)(b)).
5. If after such prior proceedings the student or faculty member is dissatisfied with the findings, the sanction, or the nature of the notation in the student's file, the student or faculty member may, within 20 days of the student being informed in writing of the College Dean's decision, petition the Review Committee for a hearing. Neither the finding of misconduct nor the sanction previously suggested or imposed shall in any way limit the options available to the Review Committee, and the hearing shall be in the nature of a de novo proceeding. The burden of submitting all relevant evidence to the Review Committee is on the student, faculty member, or academic administrator petitioning for review. The Review Committee will not gather evidence to investigate the charge independently.
- a. If the Review Committee determines that no violation occurred, the notation placed in the file shall be removed and destroyed.
 - b. If the Review Committee finds that a violation has occurred, it shall impose the appropriate sanction as specified in the sanction section of the University Academic Misconduct Policy.
6. These rules shall not be applicable to professional schools at the graduate level which have adopted misconduct codes of their own which are consistent with high academic principles and the standards of their professions or their accreditation organizations.

B. Sanctions

The sanction options listed in this section and the basis for invoking these sanctions are guidelines for the faculty member and academic administrators, designed to achieve uniformity throughout the University in dealing with academic misconduct. Options within infraction classifications are not mutually exclusive and may be employed in combination.

1. Minor Infractions

- a. Reprimand -- A written statement of the student's violation of a University regulation placed in the student's disciplinary file within the major department and college.
 - b. "F" Grade on Assignment -- "F" grade on an individual assignment or project in which an incidence of academic misconduct occurred.
2. Major Infractions
- a. "F" Grade in the Course -- "F" grade in the course in which an incidence of academic misconduct occurred. The "F" grade is not open to the grade dispute process, having been reviewed by the department chairperson and made available for assessment by the Review Committee. A course in which an "F" is issued due to academic misconduct is not open to late withdrawal through college or university petition, having been reviewed by the college dean and having had the potential to be reviewed by the Review Committee.
 - b. Recommendation of Suspension -- Recommendation to

3.1.3 Credit by Examination

At Cleveland State University matriculated students can earn credit toward degree requirements through examination. The Credit by Examination program permits a student to begin college work at a level consistent with his or her academic background, to avoid repeating course material already mastered, to pursue a more flexible schedule, and to reduce the time required for graduation. Students may use the Credit by Examination program to demonstrate college level achievements and proficiencies acquired outside a university classroom. Most often this means knowledge gained by independent study, employment, specialized study courses, or honors courses in high school.

A. Cleveland State University recognizes four different types of examinations for credit.

1. **Advanced Placement Program.** This is the oldest credit by examination program. It is offered under the auspices of the College Entrance Examination Board to high school students who have completed an official advanced placement course. Arrangements for testing are made through the high school in which the student is enrolled. CSU grants freshman year credit, (4-12 term credits), for each examination score of 3, 4, or 5. Credit is available in art, biology, chemistry, computer science, economics, English, foreign languages, history, mathematics,

Examinations are available for courses taught in the departments of accounting, biology, business law, chemistry, computer and information science, economics, English, foreign languages, history, management, marketing, mathematics, political science, psychology, and sociology. Either 4 or 8 term hours of credit, depending upon whether the course covers one or two terms of work is available for each examination. With the exception of the mathematics examinations all CLEP-Subject Examinations are composed of an objective and an essay section. An objective examination score of 52 and, for most courses, the essay section approved by the department concerned is necessary for credit to be granted. Registration forms for the CLEP-Subject Examination and additional information about the examinations are available from the CSU Counseling and Testing Center, Rhodes Tower, Room 1235. A transfer student who received credit for CLEP-Subject Examinations at another institution should have the official score report and essay sent to the CSU Admission Office along with his or her college transcript.

B. The following regulations apply to the Credit by Examination program:

icu0TJdeg0 Tc eal 0 and ved b(o)-7(wes.nscript.)JEMC /P60 Tc 0 T

the first date corrections are updated for the term. The NR grade is computed as an F in the term and cumulative average. The grade can be changed according to the regulations applying to I grades. If not removed, the grade remains an NR, carrying the same quality point value as an F. Graduate student's NR grades are not immediately computed as an F. However, if not changed in the prescribed time, the NR will become an F. Grades are to be delivered in person to the Registrar's Office, not through the U.S., mail or campus mail. The Vice Provost of the Undergraduate College, the Dean of the Graduate College, and the Provost are all notified of any instructors who fail to return grades by the deadline.

3.1.5 Incomplete Grade

The grade of Incomplete (I) is given when the work in a course has been generally passing, but when some specifically required task has not been completed through no fault of the student. The grade of I will be changed to F if the student does not complete the remaining work by established university deadlines as follows: If the grade of I was assigned for a Fall, Spring, or Summer Term, the deadline is the last day of classes of the following term. If the grade of I was assigned for a Spring Term, the deadline is the Friday of the fourth week of classes of the following Fall Term. These deadlines apply both to undergraduate and graduate students. These deadlines apply whether or not the student is enrolled for the term during which the deadline falls. An earlier (but not a later) deadline may be assigned by the instructor. An extension of a university deadline date may be obtained only if approved by the College which offered the course.

There are two important conditions for giving an Incomplete:

1. the student can receive a passing grade if she or he completes all of the work of the course, and
2. failure to complete through no fault of the student.

Assignment of an Incomplete also assumes that the incomplete part of the course represents only some limited portion such as the final examination or a term paper or a laboratory report. The extent of the permissible deficiency would have to be left to the instructor. It should be assumed that the instructor is aware of the reasons for the student's failure to complete the work and has given permission for the student to make up the work. Failure of a student to appear for the final examination without an explanation to the instructor would not be sufficient ground for giving an Incomplete. In general the grade should be avoided except where it is clearly justified as in the case of illness or accident.
